

### Benefits of InView™

- Receive extensive RCPA approved training materials in diagnostic pathology
- A growing library of diagnostic modules spanning the needs of pathologists
- View digital slide sets using virtual microscopy - high resolution digital images of the entire slide
- Improve diagnostic ability and performance
- Develop the skill sets of the world's leading pathologists
- Learn to identify the key morphological clues in diagnosis
- A computer-based training system that can be used to complement one-on-one training
- Can be used at home, in the office or in the laboratory for pathology training
- The system has algorithms determined by experts which ensure reproducibility and precision across the profession

Breast cytopathology

Cervical Histopathology
