Eminent Pathologist & Author Prof Vinay Kumar Available for Interview

Professor Vinay Kumar will address the Australian Medical Students Association (AMSA) Conference in Melbourne this morning.

Best known as the author of Pathology's "Bible" of textbooks, **Robbins & Cotran Pathologic Basis of Disease and Basic Pathology**, Prof Kumar's book is used by medical students and professionals the world over and is considered the definitive source for pathology.

Past President of the American Society of Investigative Journalism, Prof Kumar is in Australia to tell the story of his genius and the vital role of pathology for medicine. He is available for interview today after his address, from 12pm.

When: Thursday, 10 July, after 12pm
Where: In person or on phone via Carly Fox
