Dear Dr Latham,

### Medical Training Survey

I am delighted to confirm that the Medical Training Survey is on track and will begin on 1 August 2019. The survey will be open until 30 September, in line with the annual medical registration renewal period.

The survey is an important quality improvement tool that over time, will help to strengthen medical training in Australia.

We have been heartened by the wonderful support of our stakeholders who are helping to promote the survey and encourage doctors in training to complete it. We want doctors in training to be confident that the survey is safe and confidential and that results will help strengthen medical training.

The Medical Training Survey website is now live at [www.MedicalTrainingSurvey.gov.au](http://www.MedicalTrainingSurvey.gov.au). It includes information about the survey, including a copy of the survey questions.

To help you to promote the survey, we have developed a communications toolkit (attached). Please use it as you see fit to encourage doctors in training to take part. We are grateful for any communications support you can provide. More survey participants leads to better quality data and a strong evidence base for ongoing improvements.

If you have any questions about the survey, please contact Ms Brie Woods who is managing this project at [Brie.Woods@ahpra.gov.au](mailto:Brie.Woods@ahpra.gov.au) or Dr Joanne Katsoris at [Joanne.Katsoris@ahpra.gov.au](mailto:Joanne.Katsoris@ahpra.gov.au).

Yours sincerely

**Dr Anne Tonkin**  
Chair, Medical Board of Australia
