

Urine MCS

Specimen

- Specimen Type +
- Macro +
- Time

Chemistry

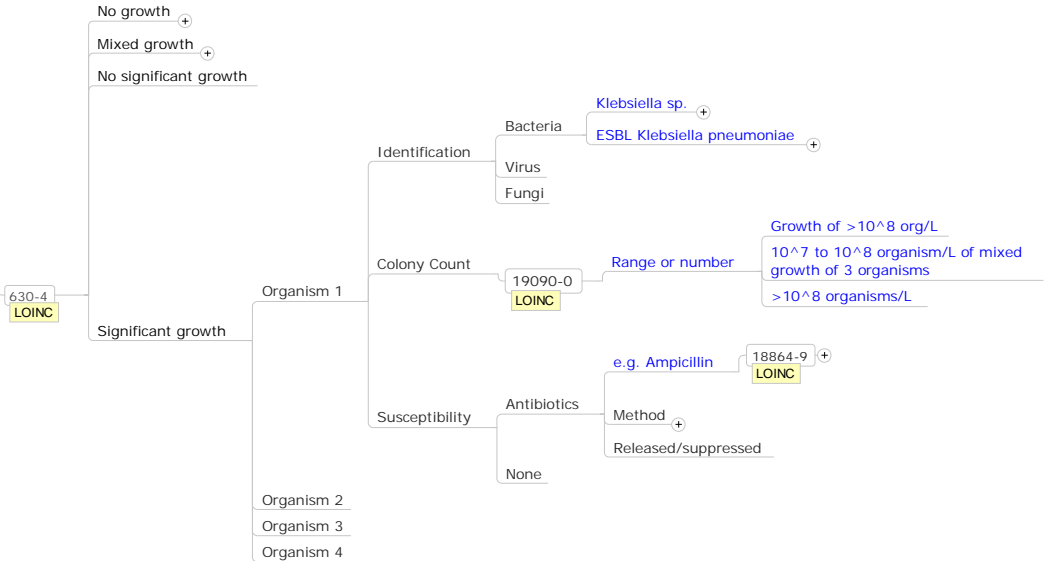

- Glucose +
- Bilirubin +
- Ketones +
- Specific Gravity +
- pH +
- Protein +
- Urobilinogen +
- Nitrites +
- Haemoglobin +
- Leucocyte Esterases +

Microscopy

- Cells
  - White blood cell count +
  - Red blood cells +
  - Epithelial cells +
- Microorganisms
  - Bacteria +
  - Parasites +
  - Yeasts +
- Casts +
- Crystals +
- Other elements +

Antibacterial Activity +

Culture

Comment

- None
- Consistent with UTI
- Probable contamination
- Growth unlikely to be significant
- Please submit a repeat specimen for testing if clinically indicated
- Catheter comments
- Sterile pyuria

Notification to infection control and public health departments
