

AUSTRALIAN PATHOLOGY UNITS AND TERMINOLOGY

(APUTS)

Requesting Terminology and Codes

(v1.0)

| RCPA Pathology Units and Terminology Standardisation Project - Terminology for Requesting Pathology Subset v1 | | |
|---------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------|-------------------------------------------------------------------------------|
| Preferred term | Synonyms | Mapped Term |
| Active vitamin B12 | Holotranscobalamin | 439568007 Measurement of holotranscobalamin concentration |
| Adenovirus Ag Faeces | | 121960004 Adenovirus antigen assay |
| Alanine aminotransferase | ALT; Alanine transaminase; Glutamic pyruvic transaminase; SGPT | 250637003 ALT - blood measurement |
| Albumin | Alb | 104485008 Albumin measurement, serum |
| Alkaline phosphatase | ALP; Alk phos | 271234008 Serum alkaline phosphatase measurement |
| Alpha-1-antitrypsin | A1AT, AAT | 270976003 Serum A1 antitrypsin measurement |
| Alpha-fetoprotein | AFP | 104404005 Alpha-1-fetoprotein measurement, serum |
| Alpha-fetoprotein tumour marker | AFP | 441825001 Measurement of alpha fetoprotein as marker for malignant neoplasm |
| Amino acids | AA | 313402005 Plasma amino acid measurement |
| Amiodarone level | | 166971003 Serum amiodarone measurement |
| Amylase | | 89659001 Amylase measurement, serum |
| Antibody screen | Ab screen; Abs | 252315008 Blood group antibody screening |
| Antinuclear Ab | ANA; ANF; Nuclear Ab; Antinuclear factor | 359788000 ANA measurement |
| APTT | Activated partial thromboplastin time | 42525009 Partial thromboplastin time, activated |
| Aspartate aminotransaminase | AST; AST; Aspartate transaminase; Glutamic oxaloacetic transaminase; SGOT | 250641004 AST serum measurement |
| Aspergillus serology | Aspergillus precipitins | 87407009 Serologic test for Aspergillus |
| Barmah Forest virus Ab | BFV Ab, BF Ab, Barmah Forest virus serology | 443388000 Measurement of Barmah Forest virus antibody |
| Bence Jones protein | Protein electrophoresis urine; Urine EPG | 443363008 Measurement of Bence Jones protein |
| Beta HCG quantitation | BHCG Titre; Human Chorionic Gonadotropin Quantitative; QHCG | 67900009 Human chorionic gonadotropin measurement |
| Bicarbonate | Bicarb; Carbon dioxide; HCO3; Total bicarbonate | 271239003 Serum bicarbonate measurement |
| Bilirubin | Total bilirubin; Bilirubin total; SBR; Bili | 313840000 Serum total bilirubin measurement |
| Bilirubin conjugated | Bili-C; Bilirubin direct; Bili-D; Conjugated bilirubin | 313856005 Serum conjugated bilirubin measurement |
| Bilirubin neonatal | SBR neonatal; Neonatal bilirubin | 417567002 Bilirubin, neonatal measurement |
| Blood culture | Culture blood; BC | 30088009 Blood culture |
| Blood film | Peripheral smear; Film; BF | 14768001 Peripheral blood smear interpretation |
| Blood gas arterial | Arterial blood gas; ABG | 91308007 Blood gases, arterial measurement |
| Blood gas venous | VBG; Gases | 61911006 Blood gases, venous measurement |
| Blood group | Blood group typing; BG; ABO subgroup | 103872006 Blood group typing, RH phenotyping |
| Blood group and antibody screen | Group and antibodies; ABO & Abs; G & Abs; GRP; GRP and Screen | 20099001 Blood typing, ABO, Rho(D) and RBC antibody screening |
| Bordetella pertussis Ab | Bordetella pertussis serology; Pertussis Ab | 121942004 Measurement of Bordetella pertussis antibody |
| CA 125 | Cancer Antigen 125 | 80529009 CA 125 measurement |
| CA 15-3 | Cancer antigen 15-3 | 113058009 CA 15-3 measurement |
| CA 19-9 | Cancer antigen 19-9 | 40939009 CA 19-9 measurement |
| Calcium | Ca | 271240001 Serum calcium measurement |
| Calcium ionised | Ionised calcium | 391084000 Serum ionised calcium measurement |
| Carbamazepine level | Tegretol | 269869000 Serum carbamazepine measurement |

| RCPA Pathology Units and Terminology Standardisation Project - Terminology for Requesting Pathology Subset v1 | | |
|---------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------|
| Carcinoembryonic Ag | CEA | 60267001 Carcinoembryonic antigen measurement |
| Cardiac markers | | 391485008 Cardiac markers |
| Cardiolipin Ab | ACA; Anticardiolipin Ab | 65946008 Anticardiolipin antibody measurement |
| Chlamydia trachomatis nucleic acid | Chlamydia PCR; C trachomatis PCR; C trachomatis NAT; C trachomatis DNA | 398452009 Chlamydia trachomatis nucleic acid assay |
| Chloride | Cl | 271238006 Serum chloride measurement |
| Cholesterol | Total cholesterol; TC; Chol | 412808005 Serum total cholesterol measurement |
| Cholesterol Triglycerides | TC TG; Chols and Trigs | 443915001 Measurement of total cholesterol and triglycerides |
| Chromosome studies | Cytogenetics | 395113006 Chromosome studies |
| CKMB | CK isoenzyme MB | 104613001 Creatine kinase MB measurement |
| Clostridium difficile Ag | | 118114008 Clostridium difficile antigen assay |
| Coagulation profile | Coagulation panel; Coagulation studies; Clotting profile; Clotting studies; Clotting panel; Coags | 3116009 Blood coagulation panel |
| C-Reactive protein | CRP | 55235003 C-reactive protein measurement |
| Creatine kinase | CK; Creatine phosphokinase; CPK | 398245009 Serum creatine kinase measurement |
| Creatinine | Creat | 113075003 Creatinine measurement, serum |
| Creatinine urine | Urine creatinine | 271260009 Creatinine measurement, urine |
| Crossmatch | Compatibility test; Xmatch; CXM; Xm | 250404007 Blood compatibility test |
| Culture Varicella zoster virus | VZV culture | 122202000 Varicella virus culture |
| Cyclic citrullinated peptide Ab | CCP Ab | 408200008 Anti-cyclic citrullinated peptide antibody level |
| Cytology non gynae | Cytology general | 88242007 Cytopathology procedure, preparation, screening and interpretation, nongenital source |
| Cytomegalovirus Ab | Cytomegalovirus serology; CMV Ab, CMV serology | 30200007 Cytomegalovirus antibody measurement |
| D Dimer | FDP; Fibrinogen degradation products | 70648006 D-dimer assay |
| Dengue virus Ab | Dengue virus serology | 121993008 Measurement of Dengue virus antibody |
| Dexamethasone suppression test | DST | 252190006 Dexamethasone suppression test |
| Digoxin level | Dig | 269872007 Serum digoxin measurement |
| Direct antiglobulin test | DAT; Coombs direct; Direct coombs test | 77020008 Direct Coombs test |
| DNA Ab | Deoxyribonuclease double-stranded Ab; Anti-dsDNA Ab | 87978006 Antibody to double stranded DNA measurement |
| Drugs of abuse screen | | 314077000 drugs of abuse urine screening test |
| Electrolytes | Elects; Es | 20109005 Electrolytes measurement, serum |
| Electrolytes Urea Creatinine | UEC; UE; EUC; EU | 444164000 Urea, electrolytes and creatinine measurement |
| Endomysial Ab | Anti-endomysial Ab | 271044002 Serum endomysium antibody measurement |
| Epstein-Barr virus serology | EBV serology; Epstein-Barr virus Ab; Infectious mononucleosis serology | 408219003 Epstein-Barr virus serology |
| Erythrocyte sedimentation rate | ESR | 416838001 Erythrocyte sedimentation rate measurement |
| Ethanol level | Alcohol, EtOH | 167009006 Blood ethanol measurement |
| Extractable nuclear antigen Ab | ENA Ab | 46215003 Antibody to extractable nuclear antigen measurement |
| Ferritin | FER; Fe stores; Iron stores | 269821003 Serum ferritin measurement |
| Flecainide level | | 391331009 Serum flecainide level |
| Fluorescent Treponema Ab | FTA | 32746004 Direct fluorescent antibody test for syphilis |
| Folate red cell | Folate RBC; Red cell folate; | 69152001 Folic acid measurement, RBC |
| Folate serum | Folic acid; FOL | 60306005 Folic acid measurement, serum |

| RCPA Pathology Units and Terminology Standardisation Project - Terminology for Requesting Pathology Subset v1 | | | |
|---------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|-----------|------------------------------------------------|
| Follicle stimulating hormone | FSH | 273971007 | Serum follicle stimulating hormone measurement |
| Free androgen index | FAI | 271223005 | Free androgen index measurement |
| Free prostate specific Ag | Free PSA | 395146000 | Free:total prostate specific antigen ratio |
| Free T3 | T3; Free triiodothyronine; Triiodothyronine | 313836009 | Serum free triiodothyronine measurement |
| Free T4 | T4; Free thyroxine; Thyroxine | 313837000 | Serum free T4 measurement |
| Free testosterone | Testosterone free ; Testosterone unbound | 20436004 | Testosterone measurement, unbound |
| Full blood count | FBC; Full blood picture; Complete blood count; CBC; Full blood examination; FBE; CBE | 26604007 | Complete blood count |
| Gamma glutamyltransferase | GGT; Gamma GT; Gamma glutamyl transpeptidase; GGTP | 313849004 | Serum gamma-glutamyl transferase measurement |
| Gentamicin level peak | Gentamicin post-dose | 442200002 | Measurement of gentamicin peak concentration |
| Gentamicin level random | Genta | 439210007 | Measurement of gentamicin in random specimen |
| Gentamicin level trough | Gentamicin pre-dose | 442199000 | Measurement of gentamicin trough concentration |
| Gentamycin level | | 313714001 | Serum gentamicin measurement |
| Gestational diabetes screen | Glucose Challenge Test; 1 hour Glucose Challenge Test; Glucose load test | 313194008 | Glucose load test |
| Gliadin Ab | | 104376009 | Gliadin antibody measurement |
| Glucose fasting | FBG; FBS; BSL; Fasting blood glucose | 271062006 | Fasting blood glucose measurement |
| Glucose random | BSL; RBS; Sugar; Random blood glucose; RBG | 271061004 | Random blood glucose measurement |
| Glucose tolerance test | GTT; OGTT | 113076002 | Glucose tolerance test |
| Glutamic acid decarboxylase Ab | GAD Ab | 391548002 | Glutamic acid decarboxylase antibody level |
| Haematocrit | Haematocrit only; HCT; Packed cell volume; PCV | 28317006 | Haematocrit determination |
| Haemochromatosis genotyping | Genetic haemochromatosis screen, HFE | 401085002 | Haemochromatosis gene screening test |
| Haemoglobin | Hb; Haemoglobin only | 271026005 | Hemoglobin level estimation |
| Haemoglobin electrophoresis | Haemoglobin EPP, Haemoglobin EPG, Hb EPP, Hb EPG, Haemoglobinopathy screen | 104145007 | Hemoglobin electrophoresis |
| Haptoglobin | | 166580005 | Serum haptoglobin measurement |
| HbA1c | Haemoglobin A1c; Glycated Hb; GHb; Glycosylated haemoglobin | 43396009 | Hemoglobin A1c measurement |
| HDL cholesterol | HDL; HDLC; HDL-C; High density lipoprotein cholesterol | 166832000 | Serum HDL cholesterol measurement |
| Helicobacter pylori Ag faeces | | 118034007 | Helicobacter pylori antigen assay |
| Helicobacter pylori IgG Ab | H.pylori IgG Ab | 313942007 | Helicobacter pylori IgG antibody measurement |
| Hepatitis A IgG Ab | Hep A IgG Ab; Hepatitis A immune status | 13070009 | Hepatitis A virus antibody, IgG type |
| Hepatitis A IgM Ab | Hep A IgM Ab | 88159009 | Hepatitis A virus antibody, IgM type |
| Hepatitis A total Ab | Hep A Total A; Hepatitis A immune status | 104374007 | Hepatitis A virus antibody, total measurement |
| Hepatitis B core IgM Ab | Hep B core IgM Ab | 315132007 | Hepatitis B core IgM level |
| Hepatitis B core total Ab | Hep B core total Ab | 59582004 | Hepatitis B core antibody measurement |
| Hepatitis B e Ab | HBeAb | 315134008 | Hepatitis B e antibody level |
| Hepatitis B e Ag | HBeAg | 313476009 | Hepatitis B e antigen test |
| Hepatitis B nucleic acid | Hepatitis B DNA; Hepatitis B PCR | 398468003 | Hepatitis B nucleic acid assay |
| Hepatitis B serology | | 171122006 | Hepatitis B screening |

| RCPA Pathology Units and Terminology Standardisation Project - Terminology for Requesting Pathology Subset v1 | | | |
|---------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|-----------|----------------------------------------------------------|
| Hepatitis B surface Ab | HBsAb; Hepatitis B immunity; Hepatitis B Immune status; Hepatitis B post vaccination | 315130004 | Hepatitis B surface antibody level |
| Hepatitis B surface Ag | HBsAg | 315131000 | Hepatitis B surface antigen level |
| Hepatitis C genotyping | Hepatitis C Genotype | 397662006 | Hepatitis C virus genotype determination |
| Hepatitis C nucleic acid | Hep C NAD; Hep C PCR; Hep C RNA | 398513000 | Hepatitis C nucleic acid assay |
| Hepatitis C serology | Hep C Ab; | 313612007 | Hepatitis C antibody test |
| Hepatitis C viral load | | 395197008 | Hepatitis C viral load |
| Hepatitis serology | | 52570007 | Hepatitis panel measurement |
| Herpes simplex Ab | HSV Ab | 315138006 | Herpes simplex antibody level |
| Herpes simplex virus nucleic acid | Herpes PCR | 398443000 | Herpes simplex nucleic acid assay |
| Histology | Histo; Histopathology, Tissue pathology | 252416005 | Histopathology test |
| HIV serology | HIV Ab; Human immunodeficiency virus test | 165813002 | Human immunodeficiency virus test |
| HIV viral load | | 315124004 | HIV viral load |
| HLA B27 | | 417429003 | HLA-B27 typing |
| IM test | IM; Paul Bunnell; Monospot; Infectious mononucleosis qualitative screen | 269831005 | Infectious mononucleosis test |
| Immunoglobulin E total | IgE | 41960005 | Immunoglobulin E measurement |
| Immunoglobulins | Iggs, Gammaglobulins | 42441008 | Immunoglobulin measurement |
| Influenza Ab | Influenza serology | 104310006 | Influenzavirus antibody assay |
| INR | International normalised ratio | 440685005 | Calculation of international normalized ratio |
| Iron | Fe level; IRN; Fe | 250216004 | Serum iron measurement |
| Iron studies | Fe studies | 269820002 | Serum iron tests |
| Lactate | Lactic acid | 390996000 | Plasma lactate level |
| Lactate dehydrogenase | LD; LDH | 313854008 | Serum lactate dehydrogenase measurement |
| LDL cholesterol | LDL; LDLC; LDL-C; Low density lipoprotein cholesterol | 166833005 | Serum LDL cholesterol measurement |
| Lead | Pb | 8655006 | Lead measurement, quantitative, blood |
| Legionella Ab | Legionella serology | 104287003 | Measurement of Legionella species antibody |
| Lipase | | 271232007 | Serum lipase measurement |
| Lipids | Chols and Trigs | 252150008 | Fasting lipid profile |
| Liquid based cervical cytology | ThinPrep; Surepath | 417036008 | Liquid based cervical cytology screening |
| Liver function tests | LFT | 271552009 | Liver function tests - general |
| Lupus anticoagulant | LA; Lupus inhibitor; LAC | 63300003 | Lupus anticoagulant assay |
| Luteinising hormone | LH | 273969007 | Serum LH measurement |
| Magnesium | Mg | 63571001 | Magnesium measurement, serum |
| Malaria thick film | Thick film | 121240000 | Malaria thick smear |
| Maternal Downs screening test | Triple test | 315115008 | Downs screening test |
| MCS | Microscopy culture sensitivities; MCS | 168132005 | Microscopy, culture and sensitivities |
| MCS CSF | Cerebrospinal fluid MCS; Microscopy culture sensitivities CSF | 401035006 | Cerebrospinal fluid microscopy culture and sensitivities |
| MCS fungal | Fungal MCS; Mycology; Skin scrapings | 401285009 | Mycology microscopy, culture and sensitivities |
| MCS genital | Genital MCS; Microscopy culture sensitivities Urogenital MCS; | 401287001 | Genital microscopy, culture and sensitivities |

| RCPA Pathology Units and Terminology Standardisation Project - Terminology for Requesting Pathology Subset v1 | | | |
|---------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------|-----------|---------------------------------------------------------------|
| MCS Mycobacteria | AFB; TB Microscopy culture sensitivities | 401274007 | Mycobacteria microscopy, culture and sensitivities |
| MCS respiratory | MCS Respiratory | 401288006 | Respiratory microscopy, culture and sensitivities |
| MCS urine | Urine microscopy culture and sensitivities; UMCS; UMC; Urine MCS | 401324008 | Urinary microscopy, culture and sensitivities |
| MCS wound | Wound MCS; Wound Microscopy culture sensitivities | 401294003 | Wound microscopy, culture and sensitivities |
| Mean cell volume | MCV; Erythrocyte mean corpuscular volume | 104133003 | Erythrocyte mean corpuscular volume determination |
| Microalbumin | Albumin:creatinine ratio; MCR; ACR | 271075006 | Urine albumin/creatinine ratio measurement |
| Microscopy urine | Urine microscopy | 127800008 | Microscopic urinalysis |
| Mycobacteria culture | Mycobacterium tuberculosis culture, TB culture | 4737000 | Mycobacteria culture |
| Mycoplasma pneumoniae Ab | Mycoplasma pneumoniae serology | 122048000 | Measurement of Mycoplasma pneumoniae antibody |
| Neisseria gonorrhoea nucleic acid | Gonorrhoea PCR; Neisseria gonorrhoea NAD; Neisseria gonorrhoea PCR | 398381009 | Neisseria gonorrhoeae nucleic acid detection |
| Occult blood faeces | FOB; Faecal occult blood | 442516004 | Measurement of occult blood in three separate stool specimens |
| Oestradiol | E2; Estradiol | 166448005 | Serum estradiol measurement |
| Osmolality | | 44628004 | Osmolality measurement, serum |
| Ova cysts parasites faeces | OCP | 250462009 | Count of ova cysts and parasites |
| Pap smear | Cytology cervical; Cytology gynae; Cervical cytology; Cytology pap smear; Pap | 440623000 | Microscopic examination of cervical Papanicolaou smear |
| Paracetamol level | Acetaminophen level | 46093004 | Paracetamol measurement |
| Parathyroid hormone | PTH; Parathyroid hormone - intact; Intact parathyroid hormone | 271541003 | Serum parathyroid hormone measurement |
| Parvovirus Ab | Parvovirus serology | 104324005 | Measurement of Parvovirus antibody |
| Parvovirus B19 Ab | Parvovirus B19 Ab | 117855005 | Measurement of Human parvovirus B19 antibody |
| Phenytoin level | Dilantin level | 269867003 | Serum phenytoin measurement |
| Phosphate | PO4; PHOS | 271241002 | Serum inorganic phosphate measurement |
| Platelet count | PLT | 61928009 | Platelet count |
| Potassium | K | 271236005 | Serum potassium measurement |
| Pregnancy test | Beta HCG qualitative screen | 166434005 | Serum pregnancy test (B-HCG) |
| Progesterone | Prog; P4 | 270972001 | Serum progesterone measurement |
| Prolactin | | 313442000 | Serum prolactin measurement |
| Prostate specific antigen | PSA; Prostate specific antigen total | 63476009 | Prostate specific antigen measurement |
| Protein | Total protein; TP | 270992008 | Serum total protein measurement |
| Protein C | | 48627002 | Protein C, assay |
| Protein electrophoresis | EPG; EPP; SPE | 4903000 | Serum protein electrophoresis |
| Protein S | | 20469004 | Protein S assay |
| Protein urine random | Urine protein/creatinine ratio | 313500004 | Urine protein/creatinine ratio measurement |
| Prothrombin time | PT | 396451008 | Prothrombin time |
| Q Fever Ab | Coxiella burnetti Ab; Q Fever serology | 315105002 | Coxiella burnetii antibody level |
| RAST | Allergy screening test | 395142003 | Allergy screening test |
| Reducing substances faeces | | 252169003 | Fecal reducing substance screening |
| Renin | | 391479001 | Plasma renin level |
| Rheumatoid factor | RF | 54921001 | Rheumatoid factor measurement |

| RCPA Pathology Units and Terminology Standardisation Project - Terminology for Requesting Pathology Subset v1 | | |
|---------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------|--------------------------------------------------------------------|
| Ross River virus Ab | RRV Ab; Ross River virus serology | 315186004 Ross river fever antibody level |
| Rotavirus Ag faeces | | 4691008 Identification of rotavirus antigen in faeces |
| RPR | Rapid plasma reagin | 19869000 Rapid plasma reagin test |
| Rubella Ab | Rubella serology | 252409009 Rubella antibody screening |
| Rubella IgG Ab | Rub IgG Ab, Rubella immunity | 313670007 Rubella IgG measurement |
| Semen analysis - fertility | Semen fertility test; Sperm count | 11900001 Semen analysis |
| Sex hormone binding globulin | SHBG | 166585000 Serum sex hormone binding globulin measurement |
| Sodium | Natrium; Na | 104934005 Sodium measurement, serum |
| Syphilis serology | Treponema serology | 40675008 Serologic test for syphilis |
| Tacrolimus level | | 313563000 Serum tacrolimus measurement |
| Testosterone | Testosterone total | 270973006 Serum testosterone measurement |
| Thyroglobulin Ab | Antithyroglobulin Ab | 17164004 Thyroglobulin antibody measurement |
| Thyroid Ab | Antithyroid Ab | 104390007 Anti-thyroid antibody measurement |
| Thyroid function tests | TFT; Thyroid function panel; Thyroid function profile | 35650009 Thyroid panel |
| Thyroid peroxidase Ab | TPO; Thyroperoxidase Ab; Antithyroid peroxidase Ab | 118002003 Measurement of thyroperoxidase antibody |
| Thyroid stimulating hormone | TSH; Thyrotropin | 313440008 Serum TSH measurement |
| Tissue transglutaminase Ab | TTG Ab | 135853007 Anti-tissue transglutaminase level |
| TPHA | TPPA; Treponema pallidum particle agglutination; Treponema pallidum haemagglutination | 51571009 Microhemagglutination test for antibody to syphilis |
| Transferrin | TRF | 359982005 Transferrin measurement |
| Triglycerides | TG; Trigs | 166849007 Serum fasting triglyceride measurement |
| Troponin | | 105000003 Troponin measurement |
| Troponin I | | 121870001 Troponin I measurement |
| Troponin T | | 121871002 Troponin T measurement |
| Urate | Uric acid, UA | 273966000 Serum urate measurement |
| Urea | | 273967009 Serum urea measurement |
| Urea breath test | Helicobacter breath test; C14 Urea breath test | 164791003 Helicobacter pylori breath test |
| Valproate level | Valproic acid; Epilim | 269868008 Serum sodium valproate measurement |
| Vancomycin level | | 313712002 Serum vancomycin measurement |
| Vancomycin level peak | | 441748004 Measurement of vancomycin peak concentration |
| Vancomycin level random | Vanco | 439239007 Measurement of vancomycin in random specimen |
| Vancomycin level trough | | 442169009 Measurement of vancomycin trough concentration |
| Vanillyl mandelic acid urine | VMA Urine | 413005001 24 hour urine vanillylmandelic acid output measurement |
| Varicella zoster Ab | VZ Ab; Herpes zoster serology | 104326007 Measurement of Varicella-zoster virus antibody |
| VDRL | Venereal disease research laboratory test | 7786006 VDRL test |
| Viral culture | Culture virus | 12717000 Viral culture |
| Vitamin B12 | B12; Vit B12; Cyanocobolamin | 271216009 Serum vitamin B12 measurement |
| Vitamin B12 Red cell folate | Vitamin B12 & Red cell folate; B12 and RCF; B12 and Folate | 395144002 B12/folate level |

| RCPA Pathology Units and Terminology Standardisation Project - Terminology for Requesting Pathology Subset v1 | | |
|---------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------|----------------------------------------------|
| Vitamin D | Vitamin D 25 hydroxy; Vitamin D 25 OH; 25 hydroxycholecalciferol; 25 OH Vitamin D; Cholecalciferol; Vitamin D3 | 12199005 Vitamin D, 25-hydroxy measurement |
| White cell count | White blood cell count; WCC; WBC | 767002 White blood cell count |
| Zinc | Zn | 273975003 Serum zinc measurement |
