

SRP*	Data element	Response		
	Fresh tissue received	No	Yes	<i>If yes, describe any additional tests/ frozen sections/biobanking performed</i>
	<i>For each specimen received:</i>			
S2.02	Specimen dimensions (<i>length x width</i>)	__x__mm		
	Specimen orientation	No	Yes	<i>If yes, state colours of ink applied to the margins painted</i>
	Number of lesions identified	Number	No macroscopically visible lesions	
	<i>For each lesion: (if >1 designate accordingly)</i>			
	Lesion size (<i>length x width</i>)	__x__mm		
G2.01	Gross appearance of lesion	Text		<i>E.g. polyp, ulcer, thickening</i>
S2.03	Distance of lesion from closest margin	__mm		<i>Specify margin if orientated</i> Not identifiable
G2.02	Other relevant macroscopic information	Text <i>E.g. any additional orientation; specimen integrity (if disrupted); relationship of tumour to other structures included in "anatomical components"</i>		
S2.04	Describe nature and site of blocks	Text
