Strengths of VCCC & partners

- Exposure to a very broad range of benign & malignant haematology including allotransplants
- Very experienced team of consultants/supervisors
- Great track record/ teaching is core to units
- Very close interaction with Clinical Haem Unit
- A dynamic group of lab & clinical haematologists & clinician scientists
- Participate in cutting edge diagnostic service, clinical care & research
- Opportunities to do higher degrees at WEHI, Peter Mac
- Experienced interactive scientific staff
- Excellent facilities
- Awesome vibe

Molecular Fellow

- Additional **1 EFT for molecular Registrar/ Fellow**
(senior trainee/ post exam)
- Unique
- Ideally undertaking a thesis degree – translational research
- Discuss with incumbent registrars, all jobs
