STRUCTURED CURRICULUM VITAE
-

Curriculum vitae will be assessed according to various categories and account for 10% of the candidates ranking score. Information **MUST** be structured into these categories and must at least include:

1. Education and Training:
 - 1.1 All qualifications relevant to the medical field.
 - 1.2 All specialty examinations should also be listed.
 - Qualifications but must be stated along with issuing institution.
2. Employment history:
 - 2.1 Various rotations should be listed.
 - 2.2 Rotations in pathology including forensic pathology and RCPA Medical Student Scholarship should also be included.
 - Stage length of rotation as terms shorter than 10 weeks are not scored.
 - Terms longer than 26 weeks will be scored to the maximum allowable points for that rotation.
3. Publications and Presentations
 - 3.1 Peer reviewed medical journal or book chapter
 - 3.2 Presentations at various meetings including internal (hospital) or external (symposia) meetings.
 - Scoring only includes topics relevant to medicine.
 - Title of conference, title of presentation and target audience must be included.
 - Scoring only includes presentations personally given by the candidate.
 - Scoring does not include hospital based meetings or morbidity mortality meetings.
4. Research and Teaching
 - 4.1 Only completed research project will be considered. Evidence of academic achievement and scientific enquiry at an undergraduate level, preferably with some experience in research or investigative projects.
 - 4.2 Anatomy or pathology tuition.
 - 4.3 Non-medical qualifications.
 - Excludes research undertaken as part of qualifications scored above in Education and Training section.
 - Research projects must be completed at time of application.
5. Extracurricular
 - 5.1 Volunteer work,
 - 5.3 Positions on boards or committees.
 - 5.2 Significant achievements such as awards, sporting achievements at a representative level, business achievements, performing arts and music should be described.
