	Monday	Tuesday	Wednesday	Thursday	Friday
AM	<p>0800 Haematology Journal Club (clinical & laboratory haematology medical staff)</p> <p>0900 General Haematology Outpatients R1</p> <p>Blood films from the weekend</p>	<p>Registrar 2 Protected Morning</p> <p>Bone marrow biopsies</p> <p>1200 Clinical Haematology Unit Meeting</p>	<p>0800 Tutorial with Dr Chris Hogan</p> <p>Bone marrow biopsies</p>	<p>Registrar 3 Protected Morning</p> <p>0800 Haematology Laboratory Journal Club (fortnightly)</p> <p>Registrar 1 presenting if no internal or external consultant presenting *</p>	<p>Registrar 1 Protected Morning</p> <p>0900 Present bone marrow biopsies (along with relevant flow and molecular results) to the Clinical Haematology staff (multi-header microscope room)</p> <p>0930 Haemostasis / Thrombosis Outpatient Clinic R2</p> <p>Bone marrow biopsies</p>
PM	<p>Reporting BMAT, and associated flow cytometry and FBEs</p> <p>Warfarin dosing Blood films Bone marrow biopsies Flow cytometry</p>	<p>Reporting BMAT, and associated flow cytometry and FBEs</p> <p>Warfarin dosing Blood films Bone marrow biopsies Flow cytometry</p>	<p>1400 Blood Transfusion Committee (each 2 months) R2</p> <p>Warfarin dosing Blood films Bone marrow biopsies Flow cytometry</p>	<p>RCPA Haematology Part I Training Tutorials & Lectures (held at the Australian Red Cross Blood Service – West Melbourne)</p> <p>Warfarin dosing Blood films Bone marrow biopsies Flow cytometry</p>	<p>1330 Molecular Haematology Meeting Preparation & presentation by R3 (fortnightly)</p> <p>Warfarin dosing Blood films Bone marrow biopsies Flow cytometry</p>

Austin Haematology Registrar Other Duties Table

In addition to the duties shared by all 3 registrars – as per the weekly timetable in the table above. On a fortnightly basis, other haematology laboratory responsibilities shall be assigned to individual registrars as follows. Each fortnight there will be a rotation of those responsibilities. See separate timetable of these Rotating Registrar Special Duties.

Registrar Special Duties for each of the 3 Registrars – see associated rotation roster for these special duties

Registrar 1	Registrar 2	Registrar 3
<ul style="list-style-type: none"> • Thalassaemia / Haemoglobinopathy reporting (capillary electrophoresis and gel electrophoresis) with consultant – mainly on Friday when gels are available. • Thalassaemia follow-ups (e.g. contacting doctors and the genetic counsellors re couples at risk) • * Laboratory Haematology Journal Club – Registrar 1 presents if a Lab Haem consultant or external invited speaker not presenting 	<ul style="list-style-type: none"> • Transfusion, including: <ul style="list-style-type: none"> ○ investigation of transfusion reactions ○ preparation of haemovigilance reports for BTC and STIR ○ allo antibody investigations ○ workups of patients with AIHA ○ massive transfusion support ○ attendance at the Austin BTC ○ attendance at Mercy BTC • Haemostasis / thrombosis, including: <ul style="list-style-type: none"> ○ thrombophilia workups ○ peri-procedural haemostasis issues ○ investigation of bleeding disorders ○ anticoagulant monitoring queries ○ platelet aggregometry 	<ul style="list-style-type: none"> • FBEs not BMAT related • Stem cell / cryopreservation work • Preparation of quarterly BMAT engraftment data • Molecular Haematology reporting with Dr Rishu Agarwal – Tuesdays & Fridays as required • Preparation for the fortnightly Molecular Meeting
