About Us

- 4 Registrars (preferably one general medical trainee and mixture of 3 senior and junior haem trainees)
- Rotate through
 - (a) inpatients: leukaemia/allograft
 - (b) inpatients: the rest
 - (c) outpatients/clinical trials
 - (d) day oncology/referrals
- 4 mth rotations x3
- Close interaction with laboratory team
- Extensive range of benign (including some obstetrics, , clots and bleeding hepatology++) consults as well as malignant haematology
- Autografts and allografts
- 1 in 4 weekends
- Afternoon off per week
- Lots of clinic exposure and autonomy
- ***Clinical trial fellow position potentially available***
