

Western Health

Western Health – Footscray, Sunshine and Sunbury

Sunshine Hospital – Day Oncology

Western Health

– Clinical Haematology Registrar

- Broad range of General Haematology –
 - Malignant – low grade/moderate intensity lymphoma protocols, Myeloma, MDS
 - Clinical Trials
 - Benign – including Obstetric/Thalassaemia
- Growing Health Service – exciting time as the unit is expanding
- Inpatient load is not too busy – time for 1 on 1 teaching from Consultants, time to do projects, involvement in Clinical trials
- Very busy consultative service
- Extensive outpatient experience managing patients – malignant and non-malignant clinics
- Excellent experience for final year trainee transitioning to a Consultant role in General Haematology
