

Sengkang  
General Hospital  
SingHealth

# WE ARE HIRING

*Sengkang General Hospital (SKH) forms a vital part of Singapore's master plan to provide quality and accessible care to better serve the healthcare needs in northeastern Singapore.*

**We are looking for specialists trained in:**

- 1) Chemical Pathology**
- 2) General Pathology**
- 3) Anatomical Pathology  
(including Cytopathology)**

## Responsibilities

You will provide and maintain high quality service and care in your respective specialty and work in collaboration with other healthcare professionals in the day-to-day treatment of patients. You will also undertake responsibilities in areas of Clinical, Education, Research and Administration. These include mentoring junior doctors, participating in scholarly activities, and attending to non-clinical administrative duties.

## Requirements

- Possess a basic medical degree with a relevant postgraduate qualification such as FRCPath, FRCPA or board certification recognised by the Singapore Medical Council (SMC)\*;
- Completed speciality training in the relevant fields in countries such as UK, Australia or USA, preferably with at least 2 years of relevant experience as a specialist;
- Published articles in peer-reviewed journals.

\* Visit the SMC website ([www.smc.gov.sg](http://www.smc.gov.sg)) for the list of registrable basic and postgraduate medical qualifications.

If you love a fresh challenge and enjoy working with a strong, dynamic team, we want to hear from you. To apply, please email your resume to [careers@skh.com.sg](mailto:careers@skh.com.sg).

Only shortlisted candidates will be notified.
