

SPR*/ICCR ⁱ	Data element	Response				
	Fresh tissue received	No	Yes	<i>If yes, describe any additional tests/ frozen sections/biobanking performed</i>		
	Procedure	Text			<i>As stated by the clinician</i>	
S2.02	Specimen description	Text				
S2.02	Specimen dimensions	__x__x__mm				
	<i>For each of mucosa, teeth, soft tissue, salivary gland, bone, record if received and describe:</i>					
S2.02	Description	Text				
S2.02	Measurements	__x__x__mm (or number of teeth)				
	<i>For each lesion: (if >1 designate accordingly)</i>					
S2.03	Description of lesion					
S2.03	Size	__x__x__mm				
S2.03	Site	Text				
S2.03	Appearance	Text				
S2.04	Macroscopic depth of invasion	__mm				
S2.05	For each surgical margin, specify distance to lesion	__mm				
S2.06	Involvement of adjacent structures	Absent		Present		
	If present, indicate site(s)	Bone/part bone	Sublingual gland	Submandibular gland	Nose	Sinus
G2.04	Teeth (see head and neck small biopsies dictation)					
S2.07	Neck dissection (see neck dissection dictation template)					
S2.08	Lymph nodes (see neck dissection dictation template)					
G2.06	Distant metastases	Absent	Present	If present, indicate site(s) _____		
G2.07	Other relevant macroscopic information	Text		<i>E.g. any additional orientation; specimen integrity (if disrupted)</i>		
	Describe nature and site of blocks	Text
